

## Stella's song

With love from Aunt Jacq - January 2015  
Co-writing credit to Jason Richard for bridge  
3/4 time

**C**  
I remember the day your mother

**Gm**  
Came to me and said

**F**  
"That's not just a twinkle in my eye;

**C**  
I'm gonna have a baby.

**Gm**  
And although right now she looks

**F**  
a little more like the moon

**Dm** **G** **Dmb6**  
We know she's gonna be a star!"

**C** **Gm**  
Stella, how we dreamed of you

**Dm** **G** **Dm**  
and you know that you're my star

**C**  
and always will be

**C** **Gm**  
And when your feet kiss the ground

**F** **Dm**  
You know it smiles to see you

**G** **Dm**  
And when you smile the bluebirds sing

**C**  
and the butterflies dance

**C** **Gm**  
Stella, you know you're my star

**F** **Dm**  
and you don't have to do a single thing

**C** **Gm**  
Just be who you really are

**Dm**  
'Cause the light in you

**F**  
Shines right through

**C**  
Everything

### Bridge

**E** **D**  
Ooh, the world is new

**E** **D**  
Oooh, in-no-cent

**F** **Eb** **C**  
**F** **Eb** **C**  
Ooohs

### Outro
